

COLLABORATING AGAINST CANCER INITIATIVE

In an effort to support interdisciplinary cooperation in interventional oncology, CIRSE is offering registered interventional radiologists the opportunity to bring a non-IR colleague to ECIO 2019 free of charge. Don't miss this chance to expand the reach of IO! Sign up now and receive free registration and up to €1,000 in travel support for your colleague.

14 ONLINE COURSES NOW AVAILABLE

The newly introduced CIRSE Academy offers online courses on a wide range of IR topics, each course providing a combination of informative texts, graphics, videos, and an interactive multiple-choice quiz. Each course takes 1-2 hours to complete and has been designed around the European Curriculum and Syllabus for Interventional Radiology, making the CIRSE Academy the perfect tool to help you prepare for the EBIR exam. Courses take an hour or two to complete and are CME accredited by the UEMS.
