

The background of the poster is a vibrant blue. Overlaid on this background is a complex, abstract line art design in a golden-yellow color. The design consists of numerous overlapping, stylized human faces. Each face is defined by simple, continuous lines that outline the head, eyes, nose, and mouth. The eyes are particularly prominent, often containing a small white dot. The faces are oriented in various directions, creating a sense of a diverse crowd or a collective identity. The overall effect is one of dynamic energy and human connection.
