

CIRSE Corresponding Fellowship Information

Thank you for your interest in becoming a CIRSE Corresponding Fellow! You will find in the following pages a brief introduction to CIRSE Corresponding Fellowship, the requirements necessary to apply and an application form with guidelines.

CIRSE Corresponding Fellowship was established to recognise and honour physicians and scientists who have made a significant contribution to interventional radiology and/or cardiovascular imaging techniques.

CIRSE members have the opportunity to be honoured as a Corresponding Fellow if:

- *The candidate has been a CIRSE member for at least three years.*
- *The candidate finished his/her medical specialty training in relevant profession other than Radiology and/or Interventional Radiology at least five years ago.*
- *The candidate has successfully passed EBIR or has the support of two CIRSE Fellows confirming their aptitude to become a Fellow. (Both supporters may not be Corresponding Fellows, in this case, at least one supporter must be residing in the EU as a CIRSE Fellow)*
- *The candidate must have published at least five articles on a cardiovascular and interventional radiology topic, in internationally recognised, peer-reviewed scientific journals with an impact factor. The applicant must have been first author of at least one of these five articles. One article must have been published in CVIR or one of CVIR associated journals with an impact factor. Case reports and letters to the editors are excluded.*

The applications will be assessed by the Membership Committee for preliminary approval. Following this, the names of the applicants receiving preliminary approval will be published on the CIRSE website. The names will remain posted online for six weeks, during which members will be allowed to comment on the applicants' suitability as a CIRSE Fellow. After this period, the Membership Committee will make its final decision, subject to ratification by the Executive Committee.

If you feel that you meet the above-mentioned criteria and are interested in applying for CIRSE Fellowship, please complete the following application form and return it to the CIRSE office (registration@cirse.org) with the required documentation.

CIRSE Corresponding Fellowship Application Form

Applicant Details

Title	First name	Last name	CIRSE ID
_____	_____	_____	_____

CIRSE member since: _____

Requirement of: CIRSE Membership, in good standing, for three consecutive years. If you are unsure of your membership status, please log into your myCIRSE account or contact registration@cirse.org

Date

Signature

Thank you for completing your application for CIRSE Fellowship! Please email the application form and documents to registration@cirse.org. The office will then send you an email confirmation with the receipt of your complete application and inform you of any corrections that may be required. You will also be notified by email once your application has been preliminary approved. Please be aware that this can take up to four weeks. Please also note that only emailed applications can be accepted.

In the meantime, if you should have any further queries please do not hesitate to contact the CIRSE central office.

Kind regards,

CIRSE Membership Department
