

**CIRSE 2022 PLATFORM NOW LIVE**

The CIRSE 2022 online congress platform is already live, so you can get ready for the interventional radiology meeting ahead of time. Browse the more than 600 posters, watch the latest industry updates via the IR technology channel, and check the newsfeed for additional information about the meeting. Sessions will be available for live viewing during the congress, allowing those of you who cannot join us in Barcelona to ask the moderators their questions and be part of the debate. In addition, all live-streamed sessions will be available on demand shortly after they have taken place.

Make sure you are fully registered to be part of the live event from the first session onwards!

**IR News out now**

Browse the summer/fall edition of the CIRSE newsletter for all the latest information on the society's many activities, including an update on IASIOS, CIRSE's research initiatives, upcoming awards and honours, and of course an extensive outlook on CIRSE 2022.

**Watch all symposia free of charge**

If you are not planning to join us for the full CME programme at CIRSE 2022, you can watch all 41 satellite symposia hosted by our corporate partners and access all industry content via the online congress platform free of charge by signing up for a Technology Pass!

**Upcoming ESIR courses**

There are still places available for two ESIR courses this year! Dr. Maarten Smits and his team will host a course on radioembolism of liver tumours at the Utrecht Medical Centre from Nov. 3-4 and Prof. Bale will host an ESIR instalment on reliability in percutaneous tumour ablation at the University of Innsbruck from Dec. 15-16. Make sure to also check out the ESIR programme for 2023 – registration will open soon!

**Trauma and emergencies: IR perspective**

Join us for the upcoming CIRSE Webinar on IR treatments in trauma and emergencies taking place on October 21 from 9:00-17:00 CEST. A renowned faculty of 10 experts will guide through the day-long webinar including sessions on embolisation in bleeding emergencies, discussion of worst-case scenarios, and many useful tips and tricks. Participation is free of charge, so make sure to mark your calendar!

**ET 2022 lectures now in CIRSE Library**

ET 2022 gave interventionists from around the world an opportunity to exchange their clinical experiences and the latest data over the course of four congress days featuring 108 lectures. All content from the congress, including all presentations and posters, is now available free for CIRSE members and Digital All-Access Pass holders via the CIRSE Library.

**New topic packages**

The CIRSE Library now features a new topic package on image-guided pain management. Compiled by Dr. S. Hopf-Jensen, it provides an overview of the most important sessions, guidelines, and further reading on this important topic. Also new in the Library: a topic package on immuno oncology and interventional oncology compiled by Prof. L. Crocetti.

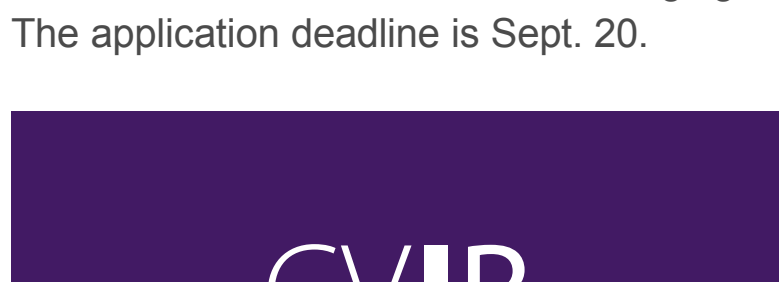

**ESR/EIBIR grant programme**

The ESIR Research Seed Grant Global initiative is now accepting applications for innovative projects and pilot studies that will subsequently lead to larger studies and further funding applications. The funding priorities are for research in enhancing quality in radiological imaging and interventional radiology and in value-based radiology with a focus on (but not limited to) ultrasound, CT, and conventional imaging. The application deadline is Sept. 20.

**Taking the EBIR in Spanish**

There are still seats available for the Spanish-language version of the EBIR examination on October 20, 2022. Apply by September 15 to secure your spot! The next examination date to take the EBIR is March 23, 2023 and will be offered in English and German (application deadline: February 16). Why wait any longer? Register today to take your career to the next level!

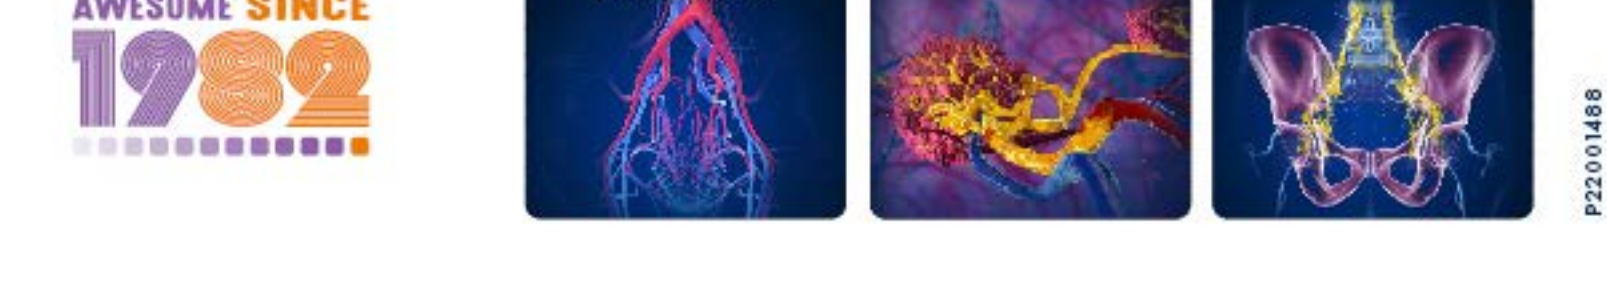

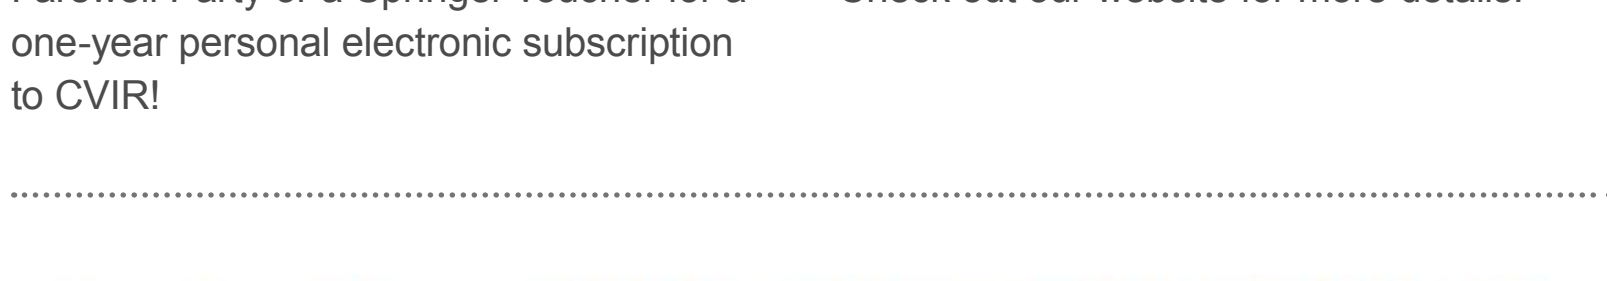

**Crossword contest**

CVIR will hold a crossword contest on the occasion of CIRSE 2022. Starting from September 9, the crossword puzzle will be available on the CVIR website and social media pages. Solve it and send the 10-letter solution to info@cvironline.org for a chance to win a ticket for the CIRSE 2022 Farewell Party or a Springer voucher for a one-year personal electronic subscription to CVIR!

**CVIR Endovascular at CIRSE 2022**

Make sure to visit the CVIR Endovascular booth at CIRSE 2022 to meet the editorial office and get the daily prompt for our social media competition. The winner will get 2 tickets to the famed Farewell Party at Can Travi Nou, so don't miss out on this opportunity to join the IR party of the year! Check out our website for more details.

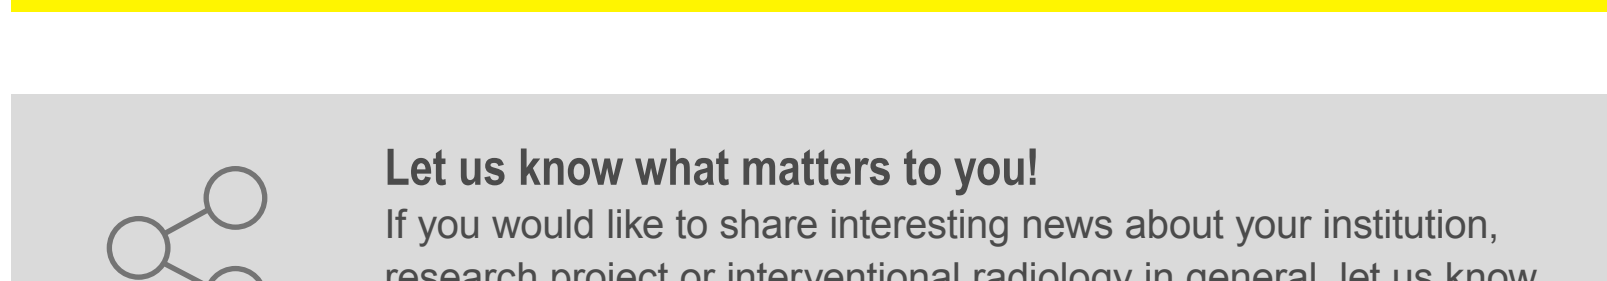

**Literally speaking**

Get to know some of the funnier aspects of the many languages spoken by our members in our new segment, where we take a proverb from somewhere in the world and translate it word for word into English.

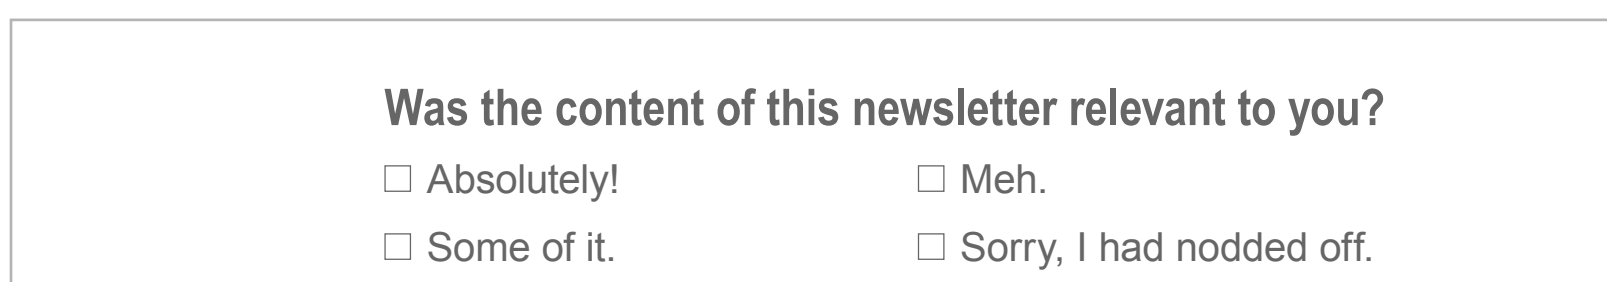

Can you guess in which language someone might tell you that **someone is giving a drink to the mice?**

Let us know a funny proverb in your language at [communications@cirse.org](mailto:communications@cirse.org)!

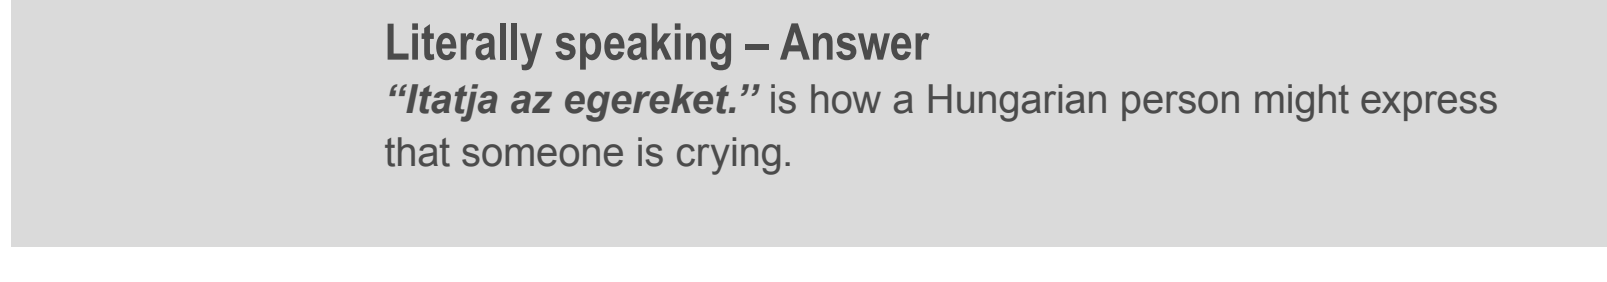

**Let us know what matters to you!**

If you would like to share interesting news about your institution, research project or interventional radiology in general, let us know at [communications@cirse.org](mailto:communications@cirse.org)!

**Was the content of this newsletter relevant to you?**

- Absolutely!
- Some of it.
- Meh.
- Sorry, I had nodded off.

**Literally speaking – Answer**

*“Itatja az egereket.”* is how a Hungarian person might express that someone is crying.
