About CIRSE

The Cardiovascular and Interventional Radiological Society of Europe (CIRSE) is a non-profit scientific, and educational society

1985
founded

10,000+
academic members

OUR MISSION

Improve patient care through the support of education, science, research, and clinical practice in the field of IR

[Find out more at cirse.org](https://www.cirse.org)

And support IR's next generation...

CIRSE Student Programme – What do we offer?

Student membership

Student internships at IR departments in Europe

Research materials for students (reports, papers, and IR curricula)

Networking with junior and senior IRs

Free registration for all CIRSE congresses (CIRSE, ECIO, ET)

Webinars on basic IR procedures

Educational videos

Joint activities and events with the CIRSE European Trainee Forum

Find out more at cirse.org/students

CIRSE student membership – join the CIRSE family!

What are the main benefits?

Free access to CIRSE's official journals:
CVIR, CVIR Endovascular, CVIR Oncology

Free video streaming via the CIRSE Library

Fast track registration for all CIRSE events

Find out more at cirse.org/students

Eligibility criteria?

< 8 years

Be enrolled in your first undergraduate degree which must have started less than eight years ago

Access the CIRSE Library with your student membership!

Your student membership allows you to access all content in the CIRSE Library, including all lectures from webinars and CIRSE congresses.

Not sure where to start?

Check out the Student Programme sessions that are targeted at students who want to know more about interventional radiology

CIRSElibrary

Student Programme at CIRSE 2027

- 1 Free congress registration + travel support grant
- 2 Introducing IR session
- 3 Recommended scientific sessions & talks
- 4 Student-exclusive HDT and simulation trainings
- 5 Workshops in cooperation with corporate partners
- 6 Students on stage session
- 7 Social events: Students' meet & greet, Mentoring event, Students' evening, Students' quiz
- 8 Students' section in the CIRSE Event App

CIRSE
STUDENT
PROGRAMME

“This unique congress experience will provide you with educational, engaging & fun IR-related sessions and events!”

Introducing IR session

SATURDAY · 08:30 – 09:30

Students' Meet & Greet

SATURDAY · 10:00 – 11:00

A group of young people are gathered around a table at a mentoring event. In the foreground, a young man in a light blue polo shirt and a young woman in a white patterned jacket are looking towards the right. Another young woman with long dark hair is on the left, looking towards the center. A man with glasses is partially visible on the right, looking towards the group. The table has a small flag stand with a Swiss flag, a glass of orange juice, a glass of water, a stack of papers, and a pink smartphone. In the background, other people are standing and talking, and a sign for 'SHOWCASE SPECIALIST EXPERTISE' is visible.

Mentoring event

SUNDAY · 10:00 – 11:00

Students on Stage

MONDAY · 17:30 – 18:30

Students' Quiz

TUESDAY · 12:00 – 13:00

Hands-on device training

Saturday –
Tuesday

Why you should be a part of the CIRSE Student Programme?

- ✓ Deepen your knowledge of IR
- ✓ Get to know other medical students
- ✓ Meet leaders in IR
- ✓ Learn different methods & possibilities of treatments through hands-on device training
- ✓ Get inspired by different IR career paths

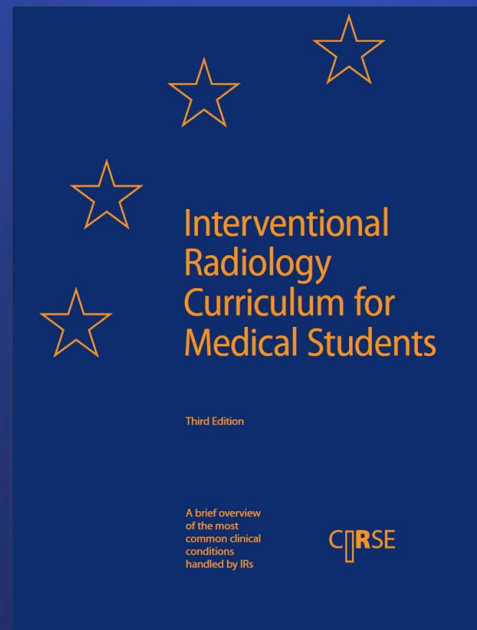

-  Introducing IR session
-  Recommended scientific sessions & talks
-  Hands-on device training sessions
-  Workshops by CIRSE corporate partners
-  Social events (Mentoring event, Students' evening, Students' quiz)

Interventional Radiology Curriculum for Medical Students

This curriculum is designed to make medical students aware of the ever-increasing role of interventional radiology in hospital medicine. It aims to support medical students planning on pursuing a career in IR and those who may participate in a multidisciplinary approach to patient care in the future.
